INDEPENDENT AUDITOR'S REPORT

To the Members of Vodafone M-pesa Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Vodafone M-pesa Limited ("the Company"), which comprise the Balance sheet as at March 31 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Annual report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act , we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   (g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure 1 referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements of our report of even date

Re: Vodafone M-peas limited (the 'Company')

(i) The Company does not have any fixed assets and accordingly the requirements under clause 3(i) (a), (b) and (c) of the order are not applicable to the Company.

(ii) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 3 (ii) of the Companies (Auditor's report) Order, 2016 (the "Order') are not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.

(iv) In our opinion and according to the information and explanations given to us, there are no investments, loans, guarantees and securities given in respect of which provisions of section 185 and section 186 of the Act, 2013 are applicable and hence not commented upon.

(v) The Company has not accepted any deposits within the meaning of sections 73 to 76 of the Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

(vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148(1) of the Act, for the services of the Company.

(vii) (a) Undisputed statutory dues including, income- tax, goods and service tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities.The provisions relating to provident fund, employee's state insurance, sales tax, value added tax, duty of excise and duty of custom are not applicable to the Company.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, good and service tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(c) According to the information and explanations given to us, there are no dues of income tax, goods and service tax, and cess which have not been deposited on account of any dispute.

(viii) The Company did not have any outstanding loans or borrowings due in respect of a financial institution or bank or to government or dues to debenture holders during the year.

(ix) According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer or debt instruments and term loans, hence reporting under clause (ix) is not applicable to the Company and not commented upon.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.

(xi) According to the information and explanations given by the management, the managerial remuneration has been paid in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Act, 2013.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transaction with the related parties are in compliance with section 177 and 188 of the Act, 2013 where applicable and details have been disclosed in the notes to financial statement, as required by the applicable accounting standard.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of the Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2 to the independent auditor's report of even date on the Ind AS financial statements of Vodafone M-pesa Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to IND AS financial statements of Vodafone M-pesa Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these IND AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these IND AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these IND AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to IND AS financial statements included obtaining an understanding of internal financial controls with reference to these IND AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these IND AS financial statements.

Meaning of Internal Financial Controls With Reference to these IND AS Financial Statements

A company's internal financial controls with reference to IND AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to IND AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to IND AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to IND AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to IND AS financial statements to future periods are subject to the risk that the internal financial control with reference to IND AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to IND AS financial statements and such internal financial controls with reference to IND AS financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountant of India.

1. Corporate Information

Vodafone m-pesa Limited (hereinafter referred to as "VMPL" or "the Company"), a wholly owned subsidiary of Vodafone Idea Limited was incorporated under the provisions of the Companies Act applicable in India on September 13, 2014 to operate the mobile wallet business. The Company received its license to operate the services from Reserve Bank of India w.e.f. November 7, 2014.The registered office of the Company is situated at 10th Floor, Birla Centurion, Century Mill Compound, Pandurang Budhkar Marg, Worli, Mumbai – 400030, India.

The financial statements for the year ended March 31, 2021 were approved by the Board of Directors and authorised for issue on June 26, 2021.

2. Statement of compliance

The financial statements of the Company comprising of Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows together with the notes have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

3. Basis of preparation

The financial statements have been prepared on a historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services on the transaction date.
All financial information presented in INR has been rounded off to thousands unless otherwise stated.

The financial statements are based on the classification provisions contained in Ind AS 1, 'Presentation of Financial Statements' and division II of schedule III of the Companies Act, 2013.

4. The Company had decided to close its Prepaid Payment Instrument (PPI) and Business Correspondence (BC) business in the previous year. The Company had thereby written to the Reserve Bank of India (RBI) for surrendering its Licence to issue PPI's which has been accepted by the RBI effective September 30, 2019. Pursuant to such acceptance, the RBI had directed the Company to:

a) Maintain the unextinguished liability towards PPI holders and merchants in the escrow account for a period of three years i.e. till September 30, 2022 and make efforts to extinguish the same.
b) Continue compliance of Master Direction on issuance and operation of PPIs dated October 11, 2017 (updated as on January 16, 2020) and maintain / store log of all transactions undertaken using our PPIs for a period of ten years.
c) Fulfil customer transaction related and other data related queries on request.
d) Store and retrieve based on queries from regulatory authorities and / or law enforcement agencies, records as available in hard copy/ scan images for full KYC customers.
e) Continue operating call centres for addressing customer queries and/or grievances.

Further, during the previous year, the Company had reassessed the recoverability of its assets in view of the above and on a conservative basis, taken a provision towards certain assets which were doubtful of recovery/use.

During the current year, the Company has assessed its liquidity position and its possible sources of funds. The Board of Directors are confident of the Company's ability to meet its obligations as and when they arise in the next twelve months from the balance sheet date. Also, the Company is exploring other options for this entity post September 30, 2022 and is not in the process of closure of the Company. Accordingly, these financial statements have been prepared on a going concern basis.

Mr. Tridib Ghosh Dastider, Chief Financial Officer of the Company has resigned on April 26, 2020. As mentioned above, while the Company has no business operations, it needs to continue to comply with RBI guidelines and other regulations. Accordingly, the Company has not appointed any one to replace Mr. Tridib as Chief Financial Officer of the Company.

5. Significant Accounting Policies

a) Revenue recognition

i. Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and can be reliably measured, regardless of the timing of receipt of payment. Revenue is measured at the "Transaction Price" i.e. an amount that reflects the consideration, to which an entity expects to be entitled in exchange for transferring services to customers, excluding amounts collected on behalf of third parties. Taxes and duties collected service provider are to be deposited with the government and not received by the Companies on its own account. Accordingly, it is excluded from revenue.

S.R. BATLIBOI & ASSOCIATES LLP MUMBAI CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

The Company's revenue from operations principally comprises of prepaid wallet revenue on account of transactions carried out by M-pesa subscribers (i.e., online bill payments, money transfers, etc.) and commission income as a business correspondent.

ii. Unbilled Income

Unbilled Income is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs its obligation by transferring goods or services to a customer before the same is invoiced to the customer, unbilled income is recognised for the earned consideration that is conditional on satisfaction of performance obligation.

iii. Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is recorded using the applicable Effective Interest Rate (EIR), which is the rate that exactly discounts estimated future cash receipts over the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. The Company's lease asset classes primarily consist of leases for vehicles.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. (refer note 5 (i))

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable and variable lease payments that depend on an index or a rate. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification i.e. a change in the lease term or a change in the lease payments or a change in the assessment of an option to purchase the underlying asset. The re-measurement is of lease liability is done by discounting the revised lease payments using the Company's incremental borrowing rate at the effective date of modification.

S.R. BATLIBOI & ASSOCIATES LLP
MUMBAI
CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

c) Employee benefits

i. Defined Contribution Plan

Contributions to Provident and Pension funds are funded with the appropriate authorities and charged to the Statement of Profit and Loss when the employees have rendered service entitling them to the contributions.

The Company has no obligation other than contribution payable to these funds.

ii. Defined Benefit Plan

The Company operates a defined benefit gratuity plan for eligible employees. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method, with actuarial valuations being carried out at periodic intervals.

Re-measurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding charge or credit to Other Comprehensive Income (OCI) in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs; and
- Net interest expense or income

ii. Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of salaries, wages and other short term employee benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Provision for leave benefits to employees is based on actuarial valuation done by projected accrued benefit method at the reporting date. The related re-measurements are recognised in the Statement of Profit and Loss in the period in which they arise.

iii. Share- based payments

Stock option of Vodafone Group Plc (VGPLc) granted to the employees of the Company are accounted as cash-settled share based payments by the Company.

The fair value of the cash settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of stock option that will eventually vest, with a corresponding increase in liability. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the cash-settled employee benefits liability.

In respect of cancellation of unvested stock options, the amount already charged as share based payment expense is reversed under the same head in the Statement of Profit and Loss.

d) Foreign currency transactions

The Company's financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded at the INR spot rate on the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange on the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised on net basis within finance cost in the Statement of Profit and Loss.
Non-monetary items that are measured in terms of historical cost in a foreign currency are recognised using the exchange rates at the dates of the initial transactions.

S.R. BATLIBOI & ASSOCIATES LLP MUMBAI CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

e) Taxes

Income tax expense represents the sum of current tax and deferred tax.

i. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax is based on the taxable income and calculated using the applicable tax rates and tax laws. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognised outside profit or loss is recognised outside profit or loss in correlation to the underlying transaction either in OCI or directly in equity.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are generally recognised for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting date and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at the end of each reporting date and are recognised to the extent it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation statute.

f) Current / Non – Current Classification

An asset is classified as current when

a) It is expected to be realized or consumed in the respective company's normal operating cycle;
b) It is held primarily for the purpose of trading;
c) It is expected to be realized within twelve months after the reporting period; or
d) If it is cash or cash equivalent, unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Any asset not conforming to the above is classified as non-current.

A liability is classified as current when

a) It is expected to be settled in the normal operating cycle of the respective companies;
b) It is held primarily for the purposes of trading;
c) It is expected to be settled within twelve months after the reporting period; or
d) The respective companies have no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Any liability not conforming to the above is classified as non-current.

S.R. BATLIBOI & ASSOCIATES LLP
MUMBAI
CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

g) Property, Plant and Equipment

Property, Plant and Equipment (PPE) and Capital work in progress (CWIP) held for use in the rendering of services and supply of goods, or for administrative purposes, are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes all direct costs relating to acquisition and installation of Property, Plant and Equipment, non-refundable duties and borrowing cost relating to qualifying assets. CWIP represents cost of property, plant and equipment not ready for intended use as on the reporting date. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Depreciation commences once such assets are available for use in the intended condition and location. Depreciation is provided using straight-line method on pro rata basis over their estimated useful economic lives as given below. The useful life is taken as prescribed in Schedule II to the Companies Act, 2013 except where the estimated useful economic life has been assessed to be lower.

Particulars	Estimated useful life (in years)
Plant and machinery	8 years
Computer and servers	3 to 5 years
RoU Assets	Over the period of lease

When any significant part of property, plant and equipment is discarded or replaced, the carrying value of discarded / replaced part is derecognized. Any gains or losses arising from retirement or disposal of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss on the date of retirement or disposal.

h) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Cost includes all direct costs relating to acquisition of Intangible assets and borrowing cost relating to qualifying assets. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any

The useful lives of intangible assets are assessed as either finite or indefinite. There are no intangible assets assessed with indefinite useful life.

Intangible assets with finite lives are amortised over the useful economic life. The amortisation period, residual value and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Intangible assets are amortised on straight line method as under:

- Software, which is not an integral part of hardware, is treated as an intangible asset and is amortised over its useful economic life as estimated by the management to be 3 years.

Cost of Intangible assets under development represents cost of intangible assets not ready for intended use as on the reporting date.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

S.R. BATLIBOI & ASSOCIATES LLP MUMBAI CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

i) Impairment of Non – Financial Assets

Tangible (including RoU assets) and Intangible assets are reviewed for impairment, whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, an appropriate valuation model is used. If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, an impairment loss is recognised in Statement of Profit and Loss by reducing the carrying amount of the asset (or cash-generating unit) to its recoverable amount.

Impairment losses recognized in the earlier periods are assessed at each reporting date for any indication that the loss has decreased or no longer exists. If such indication exists, the Company estimates the asset's (or cash generating unit's) recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in estimates used to determine the assets' recoverable amount since the last impairment loss was recognised. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had such impairment loss not been recognised for the asset (or cash-generating unit) in prior years. Any reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

j) Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. All borrowing costs are expensed in the period in which they are incurred.

k) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise of cash at bank and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

l) Financial Instruments

Initial recognition and measurement

Financial Instruments (assets and liabilities) are recognised when the Company becomes a party to a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, other than those designated as fair value through profit or loss (FVTPL), are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of Profit and Loss.

i. Financial assets

All regular way purchase or sale of financial assets are recognised and derecognised on a trade date basis. Regular way purchase or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Subsequent measurement
All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets:
a) Financial assets measured at amortised cost

b) Financial assets measured at fair value through profit or loss (FVTPL) - The Company does not have any assets classified as FVTPL.

c) Financial assets measured at fair value through other comprehensive income (FVTOCI) – The Company does not have any assets classified as FVTOCI.

MUMBAI

VODAFONE M-PESA LIMITED

Financial assets measured at amortised cost

A financial asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

- Contractual terms of the instruments give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the debt instrument or where appropriate, a shorter period, to the net carrying amount on initial recognition.

The EIR amortisation is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables, loans, etc.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or

- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass through' arrangement; and either

- the Company has transferred substantially all the risks and rewards of the asset, or

- the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Debt instruments measured at amortised cost e.g., loans and bank deposits
- Trade receivables
- Other Financial assets not designated as FVTPL

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

ii. Financial liabilities

Subsequent measurement

All financial liabilities are subsequently measured at amortised cost using the EIR method or at FVTPL. The Company does not have any liability classified as FVTPL.
Financial liabilities at amortised cost

MUMBAI
S.R. BATLIBOI & ASSOCIATES LLP CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

After initial recognition, interest-bearing borrowings and other payables are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

In case, an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in Statement of Profit and Loss.

v. Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

m) Fair value measurement

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) (a) on the date of the event or change in circumstances that caused the transfer or (b) at the end of each reporting period or (c) at the beginning of each reporting period.

n) Earnings per share

The earnings considered in ascertaining the Company's Earnings per share (EPS) is the net profit after tax.

EPS is disclosed on basic and diluted basis. Basic EPS is computed by dividing the profit / loss for the period attributable to the shareholders of the Company by the weighted average number of shares outstanding during the period. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

o) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

S.R. BATLIBOI & ASSOCIATES LLP
MUMBAI
CHARTERED ACCOUNTANTS

VODAFONE M-PESA LIMITED

Contingent Liabilities

A Contingent Liability is disclosed where there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Contingent Assets are not recognised.

p) Recent pronouncements

Ministry of Corporate Affairs (MCA) issued notifications dated March 24, 2021 to amend Schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting April 1, 2021. The amendments are extensive and the Company will evaluate the applicability of the same to give effect to them as required by law.

6. Use of Estimates, assumptions and judgments

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures including the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require an adjustment to the carrying amount of assets or liabilities in future periods. Difference between actual results and estimates are recognised in the periods in which the results are known / materialise.

The Company has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Estimates and Assumptions

i. Taxes

The Company provide for tax considering the applicable tax regulations and based on reasonable estimates. Management periodically evaluates positions taken in the tax returns giving due considerations to tax laws and establishes provisions in the event if required as a result of differing interpretation or due to retrospective amendments, if any.

The recognition of deferred tax assets is based on availability of sufficient taxable profits in the Company against which such assets can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

ii. Allowance for Trade receivable

The Company follows a 'simplified approach' (i.e. based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables (including lease receivables). For the purpose of measuring lifetime ECL allowance for trade receivables, the Company estimates irrecoverable amounts based on the ageing of the receivable balances and historical experience. Further, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible. Refer note 11.

iii. Useful life of Property, Plant and Equipment (including RoU Assets) and Intangible Assets

The useful life to depreciate property, plant and equipment is based on technical obsolescence, nature of assets, estimated usage of the assets, operating conditions of the asset, and manufacturers' warranties, maintenance and support period, etc. The charge for the depreciation and amortisation is derived after considering the expected residual value at end of the useful life.

The residual values, useful lives and methods of depreciation of property, plant and equipment and intangible assets are reviewed by the management at each financial year end and adjusted prospectively, if appropriate. Further details about property, plant and equipment are given in note 7.

iv. Leases - Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain specific estimates such as Company's credit rating.

Note 30
Share based payments

Employee stock option plan – options granted by Vodafone Group Plc

Global Long Term Retention ("GLTR"):
GLTR plan is a restricted share plan granted as a retention tool to selected employees in the middle management. The options vest in 3 years / 2 years after the grant date provided the employees remain in the continued employment of the Group during the vesting period.

As at year ended March 31, 2021, details and movements of the outstanding options are as follows:

Particulars	As at March 31, 2021	As at March 31, 2020
Options granted under GLTR	**No. of Options**	**No. of Options**
Options outstanding as at beginning of the year	-	144,948
Options forfeited during the year	-	19,007
Options cancelled during the year[1]	-	27,044
Options transferred to its Holding Company	-	28,748
Options exercised during the year	-	70,149
Options outstanding at the end of the year	-	-
Options exercisable at the end of the year	-	-
Weighted average remaining contractual life of the options outstanding at the end of the year (in months)	-	-

[1]Options cancelled and replaced with LTIP scheme.

The exercise price is Nil and hence the weighed average exercise price is not disclosed. Since there are no employees in the Company as at March 31, 2021, the liability at the year end March 31, 2021 is Nil. (March 31, 2020 is ₹ Nil)

Note 31
Employee Benefits

A. Defined Benefit Plan (Gratuity)

General description and benefits of the plan

The company operates a defined benefit final salary gratuity plan. The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The benefit is payable on termination of service or retirement, whichever is earlier. The employees do not contribute towards this plan and the full cost of providing these benefits are borne by the Company.

Regulatory framework, funding arrangement and governance of the Plan

The gratuity benefits liabilities are unfunded. There are no minimum funding requirements for a gratuity benefits plan in India.

Inherent risks

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any significant change in salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future.

The following tables summarizes the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for gratuity:

(b) Fair value hierarchy
The carrying amounts of the financial assets and financial liabilities are reasonable approximation of their fair values. Accordingly, the fair values of such financial assets and financial liabilities have not been disclosed separately.

Note 38

Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings, trade and other payables. The Company's principal financial assets comprise bank balance, trade receivables and deposit with body corporates and others.

The Company is exposed to various financial risks such as market risk, credit risk and liquidity risk. The Directors of the Company oversee management of these risks and assure that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

a) Market risk
Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include borrowings.

Interest rate risk
Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no exposure to the risk of changes in market interest as the Company has borrowed from the Holding Company and the interest rate on such borrowing is nil effective from January 1, 2020.

b) Foreign currency risk
Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies.

VODAFONE M-PESA LIMITED

(All amounts are in INR thousands, except per share data and unless stated otherwise)

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency rates, with all other variables held constant. The impact on the Company's profit / (loss) before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives.

Currency exposure	Change in currency exchange rate	Effect on profit before tax
March 31, 2021		
EURO	+6%	(16)
	-6%	16
GBP	+6%	(6)
	-6%	6
March 31, 2020		
EURO	+5%	(13)
	-5%	13
GBP	+5%	(3)
	-5%	3

c) Credit risk
Credit risk is the risk that counterparty will not meet its obligations under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from it's from its financing activities.

- Trade receivables
Customer credit risk is managed in accordance with the Company's established policy, procedures and controls relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on 0 to 30 days' credit terms. Outstanding customer receivables are regularly monitored.

- Other financial assets and cash deposits
The Company maintains its Cash and cash equivalents with banks and financial institutions having good reputation, good past record and high quality credit rating and reviews their credit worthiness on an on-going basis in close co-ordination with its holding company's Treasury team.

The Company's maximum exposure to credit risk for the components of the balance sheet as at March 31, 2021 and March 31, 2020 on its carrying amounts as disclosed in notes 9 and 11 to 14.

d) Liquidity risk
Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company has accumulated losses and its net worth has been fully eroded as at March 31, 2021. However, the Company has assessed its liquidity position and its possible sources of funds. The Company has necessary cash balance for settling its liabilities as and when they are due.

Note 39

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The company has financial liabilities of trade and other payables which are payable within one year. The Company maintains sufficient cash and other liquid financial assets to meet the payment of financial liabilities within the due dates.
