

optimising Baghirathi's fleet efficiency

Baghirathi Transport Solutions is a shared mobility group that offers safe, reliable, and efficient transport services to corporate and educational institutions.

Business Challenge

- Baghirathi Transport Solutions was looking for a way to track and monitor their vehicles across locations, to improve operational efficiency

Our Solution

- We provided the customer with 200 geo-fencing enabled IoT SIM Connectivity solutions, with which they could monitor the status of vehicles and stay updated about their locations in real time

Business Impact

- Baghirathi Travels now monitors its fleet in real time
- The geo-fencing solution enables them to direct their vehicles towards safe and approved routes
- Improved fleet management helps them save valuable time and the frequency of their services
- Another benefit of optimised travel routes is a reduction in fuel and maintenance costs
