Vi Customers Can Now Find Covid-19 Vaccine Slots Through Vi App
### Integration of CoWin on Vi App helps simplify the procedure

Getting vaccinated is the most important thing one can do in the present situation to protect themselves, their families and society from the spread of Covid 19.

To simplify the process of scheduling their vaccination appointment, **Vi** has integrated the CoWin App's slot finder on the Vi App for its customers. **Vi** users can search for available vaccine slots and set notification alerts on the Vi App itself. **Vi** customers will now not need to look beyond their phone to schedule a Covid 19 vaccination appointment.

Vi customers can filter their search by age group, Vaccine names (Covishield, Covaxin, Sputnik V), Dose, Paid/Free etc. and can source the available slots at a location closest to their address. Customers registered through the Vi App will also be notified as and when the vaccine slots are available in the user's area. This service is available to Vi prepaid and post-paid customers.

Users of Vi App can book the vaccine slot in three easy steps:

Click on the "Get yourself Vaccinated Today" Option	→	Search for Vaccine Slots or Set Notification Alert	→	Users directed to CoWin portal to complete the process
