Vi Foundation and Ericsson announce *Robotsav* in Jaipur for school students

- *The event will feature an inter-school Robotics Competition, a Robotics Exhibition and an online essay writing competition for students from classes 6 to 12*

Vi Foundation, the CSR arm of leading Telecom operator Vi, in partnership with Ericsson India and Moinee Foundation will organise *Robotsav* on 15th July. *Robotsav* is a unique fest where students will showcase their skills and understanding of robotics and Artificial Intelligence (AI) through a series of competitions and an exhibition. It will be held at the Rajasthan International Center in Jaipur.

Robotsav is open to students from classes 6 to 12. Students in Jaipur can participate in the Robotics Competition and Robotics Exhibition, while the online Essay Writing competition is open to students from all over India.

Schools in Jaipur can register for *Robotsav* by visiting www.tinyurl.com/robotsav, while nationwide schools can register for the online Essay Writing Competition by visiting www.tinyurl.com/roboessay. Registrations for the main event on 15th July will be on a first-come-first-serve basis. All registrations are free of cost.

The online Essay Writing Competition and the Robotics Competition will be divided into two categories, classes 6 to 9 and classes 10-12.

Doubling down on training Indian students in robotics, Vi Foundation and Ericsson India have under the innovative Digital Labs programme, set up state-of-the-art Robotic Labs in ten schools across India. They provide new-age learning experiences and the latest technology to underserved students, preparing them for a future in technology.

About Vi Foundation:
Vi Foundation, the CSR arm of Vodafone Idea Limited, believes that our mobile communications technologies can address some of the most pressing humanitarian challenges and our responsibility is to utilize our innovative mobile technology in mobilizing social change and improving people's lives. The Foundation focusses on addressing challenges relating to agriculture, education, health, equality and access. We are committed to enable people and technology to drive innovation, disseminate knowledge, and create shared value to improve lives. We work in partnership with key charities, development agencies and the community to drive social change on a large scale in India.
