Vi launches 5G services in Goa

Following its 5G expansion across key markets, leading telecom operator Vi has launched its 5G services in Goa, marking its entry into the state and further strengthening its overall 5G footprint.

Vi has been prioritising key markets including high data consumption centres, areas with significant footfall and emerging urban clusters. Goa marks an important addition to this **footprint, given its position as one of India's most prominent tourism destinations**, with strong and consistent data demand from both residents and visitors across the year.

With this launch, Vi aims to enhance connectivity across the state, catering to the growing demand for high speed data services. The deployment is designed to deliver a seamless and enhanced network experience, especially in high-density locations, popular tourist hotspots and key commercial hubs.

Commenting on the launch, Anand Dani, Cluster Business Head – Maharashtra & Goa, Vi, said, **“We are accelerating the expansion of Vi’s 5G network in Goa, as we strengthen our footprint across key markets. The launch in Goa marks an important step in this journey. Our expansion is guided by a clear focus on prioritising high demand locations spanning high data consumption centres as well as areas with significant footfall including key tourism and commercial hubs ensuring a consistent and enhanced network experience for our users.”**
