managing customer interactions in one place – now simplified!

Connecting customers with our AI-powered,
omnichannel **Vi Business CCaaS** solution

traditional contact centres are falling short

Today's customers expect quick answers, smarter service, and seamless support, across every channel. But if you're still relying on an on-premise setup, here's what's getting in your way:

- **High CapEx Investment**
- **Limited scalability and agility**
- **Long deployment cycles**
- **Limited business continuity**

Vi Business CCaaS

(Contact-Centre-as-a-Service)

A cloud-native, AI-powered contact centre solution that brings all your customer conversations into one unified, intelligent platform.

This virtual contact centre can help you connect with customers across calls, messages, emails, chats, and social media – all in real-time.

give your business superior CX capabilities

Omnichannel communication

Voice, SMS, email, chat, social on one platform

Gen-AI agent assist

Live prompts, auto summaries, sentiment analysis

Smart automation

Predictive routing with AI-based workflows

Real-time analytics & reports

Track performance and improve CX

Global reach with SIP connectivity

Engage customers across regions

CRM & knowledge integration

Plug-and-play with your existing systems

choose the right **Cloud Contact Centre** for your business needs
