

P2P Conversion on Same SIM via OTP Terms & Conditions

- Any Vi subscriber wanting to convert his/ her existing Vi prepaid mobile connection to postpaid or vice-versa without change of SIM will be required to submit their request to VIL via Vi (company owned) stores
- Subscribers submitting such a request will receive an SMS on their existing Vi number containing a unique transaction ID and One-time password (OTP). Successful validation of the OTP will be treated as consent of the subscriber to convert their Vi prepaid number to postpaid or vice versa.
- All requests received before 6 pm will be processed after 10pm the same day and requests after 6pm will be processed after 10pm the next day
- During the process of conversion from prepaid to postpaid or vice versa, services on the subscriber's mobile number will be disrupted for up to 30 minutes
- Subscribers will be sent a confirmation of successful conversion of their number via SMS
- The OTP based process for conversion from prepaid to postpaid or postpaid to prepaid will not be available to foreign nationals and outstation subscribers
- The OTP based conversion request may be rejected if the KYC details of requesting subscriber as available with VIL are not adequate. Such subscribers will need to go through the e-KYC or D-KYC process with SIM change to switch to Vi postpaid or vice versa
- Any open service requests like SIM change, UPC, Postpaid to Prepaid or Prepaid to Postpaid requests will need to be closed or canceled before requesting for conversion via this OTP process
- The OTP conversion requests from prepaid to postpaid for geographies which are currently not serviced by VIL's retail store network will not be considered
- Conversion from prepaid to postpaid via OTP process is available to all open markets postpaid plans for individual subscribers, excluding Family plans. Conversion from postpaid to prepaid is available for prepaid recharges of Rs 479, Rs 499 and Rs 719.
- Any outstanding dues will have to be cleared before making the OTP conversion request from postpaid to prepaid
- After conversion from prepaid to postpaid, Roaming services will not be available in J&K licensed service area as per regulatory guidelines
- ISD service will not be carried forward after conversion from prepaid to postpaid. In case the subscriber wishes to use the service, same shall have to be activated once again as per the applicable process
- Any International Roaming pack applicable on the subscriber's number will not be carried forward to the new service (prepaid or postpaid) after conversion and no pro-rata benefit will apply for rental or recharge
- All the third party services will be canceled upon conversion from postpaid to prepaid or vice versa
- E-Bill alone will be provided in case of conversion to postpaid. No paper bill will be provided.
- Post conversion from prepaid to postpaid, subscribers will not be allowed to convert back to prepaid within 90 days
- Conversion from prepaid to postpaid via this process is not applicable to subscribers of J&K licensed service area as per regulatory guidelines.
- Post conversion from prepaid to postpaid, the postpaid connection terms and conditions (in case of conversion from prepaid to postpaid) and the prepaid connection terms and conditions (in case of conversion from postpaid to prepaid) will apply. For details, please check
